

Cumberland Education Foundation

OUR PURPOSE: The Cumberland Education Foundation (Cumberland County Public Schools Foundation Inc.), established in 2001, is a 501 © (3) non-profit organization that provides a channel for individuals, businesses, and foundations to make tax deductible gifts to the Cumberland County Public School system. Its purpose is to raise private funds to augment public dollars and thereby enhance the educational experience for all students in our public schools. We welcome the support of our community partners in providing an outward and visible sign that Cumberland County is committed to achieving excellence in our public schools.

OUR GOALS: (1) To support development of new and improved educational opportunities for students and teachers through **GRANTS**. (2) To investigate, solicit, develop and administer funds to benefit students and graduates of Cumberland High School through **SCHOLARSHIPS**.

OUR FUTURE: As of Fall 2023, the Foundation will be adopting its own unique logo based on our goals listed below. We will engage Cumberland High School students in the Art program to develop an appropriate logo through an art project or contest. It will then be used to communicate information about the Foundation going forward.
